Please also be aware that you may see certain words or descriptions in this catalogue which reflect the author's attitude or that of the period in which the item was created and may now be considered offensive. Site Credits Rethinking Popular Culture selects some of the best and most important recent work analyzing popular culture. Drawing upon recent developments in cultural theory and the exciting new techniques of critical analysis, the essays in this volume break down disciplinary boundaries in a fresh and innovative fashion.Eclectic and wide-ranging, Rethinking Popular Culture includes works by authors in the humanities and social sciences. The essays touch on a variety of features of popular culture, from photography to fashion, romance novels to television, jokes to food habits.The editors' comprehensive introduction sets each essay in the context of intellectual developments in history, sociology, literature, and anthropology and in the study of popular culture as a whole. Arguing that recent scholarship has revolutionized our understanding of popular culture, the editors articulate what that new perspective is while introducing some of the most influential and important work that gave rise to it. The categories are Historical Studies, Anthropological Studies, Sociological Studies, and Cultural Criticism. The essays are examples and cover a wide range of interests. I liked some and could have skipped some, but it is a good introduction to a cross-fertilization in popular culture. Come for the investigation into cock fights! Stay for the examination of the importance of jokes and humor! A varied collection of essays. Some are very strong and interesting, some are dry as a bone. May 15, 2012 Ke rated it it was amazing Although I didn't get a chance to read all the essays, I found that it contained a large number of seminal writings. An excellent primer for someone interested in Cultural Studies. Although I didn't get a chance to read all the essays, I found that it contained a large number of seminal writings.
